## **DETAILED ACTION**

### ***Terminal Disclaimer***

1. The terminal disclaimer filed on August 23, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent 6676275 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Allowable Subject Matter***

2. Claims 1-48 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The Applicant has submitted a terminal disclaimer to overcome the double patenting rejection.

With regard to Independent Claims 1, 14, 23, and 34, the Applicant has sufficiently claimed and narrowly defined an adjustable lighting system with horizontal and vertical frameworks for mounting a plurality of fixtures, whereby the lighting system is provided with moving means to transport the system. The prior art fails to teach or suggest the combination of structural elements disclosed and claimed herein, and all subsequent dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
